
About Us

Prize Gardens is a small, personal gardening company specializing in garden borders, garden beds and vegetable beds. We also incorporate any gardening you need to have done, including (but not limited to): mowing, pruning, hedge trimming, spring clean-up, fall clean-up, edging, irrigation, etc. If there is a gardening job you want done, we can get it completed in a timely, neat, and professional manner.

Our General Manager, Mike King, is a graduate of Colorado State University, Fort Collins with a Bachelor of Science degree in Soil and Crop Sciences. Born and raised in the southwest of England, he has enjoyed a love of gardening his entire life. He has the expertise of years of experience, the local knowledge necessary to bring you gardening success, and the talent of the "green thumb" to get your garden on its way to a beautiful bloom.

Prize Gardens is a small, personal gardening company specializing in garden and vegetable beds, and garden borders. We also incorporate any gardening you need to have done, including (but not limited to): mowing, pruning, hedge trimming, spring clean-up, fall clean-up, edging, and vegetable bed irrigation, etc. If there is a gardening job you want done, we can get it completed in a timely, neat, and professional manner.

We serve Fort Collins, Colorado and the surrounding area.

As a company, we strive to provide customized services for our clients. Whether you want someone to assist you with the normal maintenance of your existing garden, improve your current garden, revamp an old garden, or install a new garden: we can help!

Services

We specialize in "Customized Services". Clients can use our subscription service, others like a one-time, or pay-as-you-go scheme. Some types of jobs we do are:

- General Gardening (weeding, mulching, and/or planting/removal of annuals)
- Garden Beds (planning, planting, and/or maintenance)
- Vegetable Beds (planning, planting, and/or maintenance)
- Lawn Care (mowing, edging, fertilization)
- Garden Re-vamping

Whether you want someone to assist you with the normal maintenance of your existing garden, improve your current garden, revamp an old garden, or install a new garden: we can help! All of our services are custom tailored to your needs. If you have any further questions, you can contact our General Manager.

Estimates

We will come to your home, rental or business to fully assess what needs to be done. Call or email us for a **free** estimate. No job is too small!

Location

We serve Fort Collins, Colorado and the surrounding area.

Living on the Front Range can be a challenge to the home gardener. Clay soils, high winds, extreme temperature changes, and pests can all bring disastrous results to your gardening season. We have the knowledge and expertise to implement solutions in an affordable, easier to maintain manner to minimize the negative conditions that come into play on the Front Range.

Environmental Overview

We provide "practical natural solutions", meaning we encourage our clients to utilize natural fertilizers, herbicides and pesticides, but you make the decision. In addition, we hand rake instead of using noisy gas powered blowers, and our mowers are electric to reduce the amount of atmospheric noise and dust. We also mulch and compost any plant and earthen materials we remove from your site.
